GRIVEN AL4360USCW Jasper Ultra Spot CW sym / Luminaire Data Sheet

Luminous emittance 1:

Luminaire classification according to CIE: 100
 CIE flux code: 94 98 100 100 102

GRIVEN AL4360USCW Jasper Ultra Spot CW sym

Article No.: AL4360USCW

Luminous flux (Luminaire): 17286 lm

Luminous flux (Lamps): 16993 lm

Luminaire Wattage: 195.0 W

Luminaire classification according to CIE: 100

CIE flux code: 94 98 100 100 102

Fitting: 1 x LED (Correction Factor 1.000).

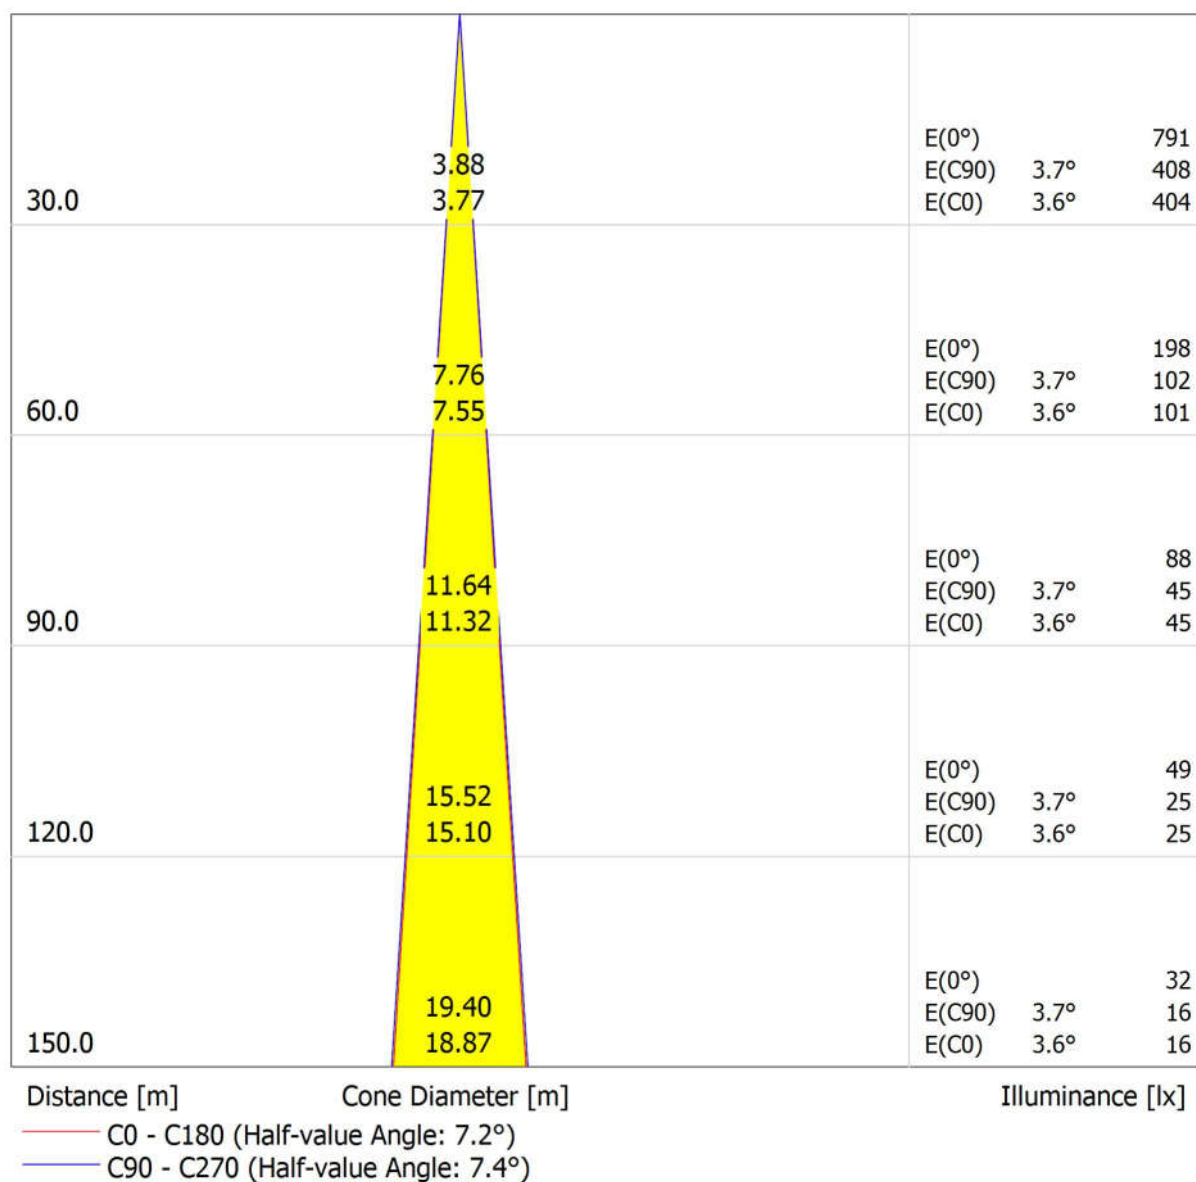

JASPER W is a high performance luminaire, which houses 60 high power LEDs, as well as in-built electronics and power supply unit. This stylish and versatile fixture is ideal for general and dynamic accent, spot or flood lighting of large areas owing to a choice of optional fixing systems and a wide selection of optical groups for surface mount or suspended applications. Available in both cold and warm colour temperature white light versions, JASPER W meets the latest design requirements and aesthetical prerequisites demanding for large round shaped powerful LED fixtures capable of delivering high level performances with a reduced power consumption. The Polar Edition features an integrated de-icing system with electrically heated glass, which assures a comfortable functioning even in the utmost severe cold weather conditions.

JASPER W is a high performance luminaire, which houses 60 high power LEDs, as well as in-built electronics and power supply unit. This stylish and versatile fixture is ideal for general and dynamic accent, spot or flood lighting of large areas owing to a choice of optional fixing systems and a wide selection of optical groups for surface mount or suspended applications. Available in both cold and warm colour temperature white light versions, JASPER W meets the latest design requirements and aesthetical prerequisites demanding for large round shaped powerful LED fixtures capable of delivering high level performances with a reduced power consumption. The Polar Edition features an integrated de-icing system with electrically heated glass, which assures a comfortable functioning even in the utmost severe cold weather conditions.
